DIVERSIFIED
FLOORING

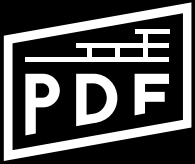

PDF NATIONAL ACCOUNT PROGRAM BENEFITS

A PARTNERSHIP YOU CAN COUNT ON

With PDF, you gain an experienced and reliable partner for all your commercial flooring needs – from material selection and design all the way through installation, maintenance and lifecycle management. For over three decades, we've built trust amongst our clients by delivering top quality work, exceptional service, and a stellar customer experience.

OUR DIRECT SALES PROCESS PUTS LONG-TERM CUSTOMER RELATIONSHIPS FIRST, BECAUSE NOTHING MATTERS MORE THAN YOUR SATISFACTION, LOYALTY AND TRUST.

**PROFESSIONAL
DIVERSIFIED
FLOORING**

A SEAMLESS EXPERIENCE FROM START TO FINISH

COST SAVINGS & PREDICTABILITY

- Utilizing a single source for flooring reduces cost over individual contractors in each market due to economies of scale.
- Fixed pricing provides predictability and ensures consistent quality and results.
- Advanced planning for contingencies and potential subfloor problems to avoid unforeseen costs and delays.
- Proactive in looking for cost-saving solutions or material options to advance your goals.

CUSTOMER SERVICE

- National Account Program Manager provides a single point of contact – from material selection and procurement to project delivery and quality assurance.
- Automated weekly reporting on material stocking levels, shipping status and project completion for complete visibility.
- Post-installation support, maintenance recommendations, assistance with material warranty issues, and monitoring of product performance over time.
- Dedicated on-site field manager experienced with your specific requirements and materials to ensure consistent quality across all your locations.

QUALITY & CONSISTENCY

- Quality installation that is consistent across the nation.
- Labor that can travel across the country – anywhere, anytime!
- Access to additional qualified labor nationwide as needed through our membership in the Starnet Worldwide Commercial Flooring alliance.
- Competent to quickly analyze and react to all unforeseen job site tasks and challenges.

MATERIALS SELECTION & PROCUREMENT ADVICE

- Assist in selecting the highest performing products for the best price.
- Relationships with all major vendors for maximum selection.
- Up-to-date on the latest industry trends and technology, including green LEED-certified materials.

LOGISTICS & WAREHOUSING

- Access to climate-controlled and insured warehouses in key hubs around the country to store materials as dictated by job requirements or to maintain attic stock to avoid project delays and downtime.
- Ability to make repairs to your specific floor type on short notice.
